

“

We are committed to our customers' satisfaction, we believe that professionalism in each and every step they take during their journey with us is fundamental.

ABOUT US

Fast Private Jet S.r.l. is a business aviation company that works with a team composed by professionals with over twenty years of experience in the industry. It brings together the founders of leading executive airlines in the field at a corporate and operational level.

SAFETY FIRST

Fast Private Jet takes safety very seriously, therefore, we only collaborate with trustful and well-known partners in the business aviation world. Pilots and aircrafts are also subjected to all requirements and regulations for every flight. Also, aircraft maintenance is tight, precise and punctual.

At Fast Private Jet we also conduct our own investigations, based on our own expertise and knowledge, before inviting operators to join our network.

OUR MISSION

We aim to provide the best quality service before, during and after a flight to our valuable customers through our brokerage services that connect customers and private jet operators in order to provide the best price and quality available on the market.

OUR VISION

With a team of experts business aviation, we want to increase the efficiency of the private jet industry, wether used as a business or leisure tool, by supporting our customers in a fragmented market to get the best choice for their journey.
